

TOWN COUNCIL SET MILL RATE FOR THIS YEAR

A regular session of the Town Council was held with Mayor Vail Councilmen W. McCannell, C. MacCallum, C. Thompson, J. Moss and W. McKay present.

J. Black and L. Michael were present representing the Board of Trade for the auto camp grounds. They stated it was the intention of the Board of Trade to appoint two of their members to look after the camp grounds each week. They would like the town to own up the place and make the necessary repairs, etc., at the camp house. The Council decided that the public works committee would attend to the cleaning up of the grounds.

A. G. B. Lewis and G. H. Gordon were present representing the Canadian Legion. They explained why the Legion was unable to pay its taxes on the hall property. The Legion was hard up for money. They have a large membership but there was no money coming in and the Legion would be unable to do anything at the present time. The Council decided by the council it was decided to write the Legion offering to accept payment of taxes at the rate of \$5 per month. C. J. Mayville was present representing his property. He was unable to pay arrears of taxes at present and did not want to lose his property. If there was any work he could do he would be glad to do it and apply that to his taxes. The Council would keep this in mind in case anything turned up.

The secretary advised the council that J. H. Ferguson had purchased a license to sell milk in town. The town had been in correspondence with the Department of Education regarding a petition from land occupants within the school districts for reduced assessment and tax rate. The last letter from the Department gave the intention that the assessment was alright as it was, and the council decided not to do anything further.

It was reported that a few trees had been destroyed by children playing around them. A careful watch would be taken in future to find out who were the children destroying the trees.

The Community Hall had been inspected during March. Some recommendations were made and will be attended to in the time.

The officials of the Equitable Home would like to connect with the town pipe line pressure system, just north of D. Wilson's residence, and take the line across the fair grounds. They wanted the line for spraying purposes only. The Council was of the opinion that this addition might seriously affect the town pressure system, as there was a great strain on it last last summer when the "bays" swarmed over the town. People in the west end did not have any pressure.

Councillors Moss and C. Thompson: That as the irrigation system was installed on a 125 acre capacity, the attaching of an extra user as the Equitable Home might seriously affect the pressure, that we suggest they make their own pumping unit and draw the water direct from the lake under pressure instead as at present with open outlet.—Carried.

Letter was received from the Board of Trade regarding the auto camp which matter had been taken up early in the evening. They had also asked that the basement of the old Palace Hotel be forced in to avoid the possibility of an accident. The councillors thought it would cost too much and it was decided to leave it as it is for the present.

One or two people wanted to get town lots to break up and plant potatoes. The Council were not in favor of this unless the parties wished to pay the lots out right.

On motion of A. MacCallum and Wm. McCannell the following accounts paid since last meeting were confirmed as paid: Bank exchange 20, West of Municipal Affairs supplementary revenue \$11.13, J. A. Moore \$5.00, M. H. Hargreaves \$5.00, L. Lester \$15.00, M. Hargreaves \$5.00, M. Murray \$5.00, Alta. Govt. Telephones \$7.50, Gleichen

School District \$07.08, \$147.78, \$31.78, Bank of Commerce \$103.74, \$147.78, \$31.78, \$7.47, \$10.40, M. Murray \$7.00, J. Lester \$5.00.

The secretary advised the council regarding properties against which caveats had been filed this year, also properties to which the town was in a position to take title, properties to which the town could take title this fall, also properties which would come up for sale this year.

The mill rate for 1933 was set as follows: For municipal purposes 31 mills; school purposes 15.5 mills; for public works purposes only, 10 mills. The business tax was set at .45 mills or rental value.

AGRICULTURAL ASSOC. COMPLETE PROGRAM FOR 24TH

The different committees of the Gleichen Agricultural Association turned in their reports to the secretary, N. T. Parcell, on Saturday with the result that a complete program was being drawn up for his 24th May celebration.

Arrangements are being made to hold a baseball tournament. Substantial cash prizes will be put up as prizes for the different competing teams.

A strong committee will be in charge of the children's sports. Los Michael reports that all preparations are being made for the big dance in the Community Hall. Snappy music will be provided. He is introducing the lowest admission fee ever heard of to a Gleichen dance. Bring out the whole family and all your friends for a big happy day.

GOLF CLUB TO HOLD TOURNAMENT FOR BOYS AND GIRLS

The annual meeting of the Gleichen Golf Club was held on April 12th and the following officers were elected for the year 1933:

President, Don Swain.
Vice President, F. H. Bench.
Secy-Treas, A. R. Yates.
Auditor, J. Boyd.

On account of the big interest in golf being displayed this year by students, it has been decided by the Gleichen Golf Club to hold an open tournament for the boys and girls on Saturday, May 16th. Prizes will be given to the winners and the competition will be open to all students who hold membership tickets.

Student membership tickets can be obtained from Mr. A. R. Yates for one dollar, all students intending to compete in this tournament are requested to give their names to Mr. Don Swain as early as possible.

Golf Club membership fees this year are \$5 for gentlemen and \$1.50 for the ladies. There will be several friendly inter-town competitors this year and the club executive is hoping for a large membership so that the local links can be kept in a first class condition.

Weekly local tournaments will be arranged to maintain interest among members of the club, and it is particularly hoped that the ladies will again take an interest in the grand old game, as interest which has been sadly lacking during the past year or so.

Funds are badly in need and players are currently requested not to be annoyed when approached by executive members of the club for green fees. All fees are to be paid by May 15.

SCOUT NEWS

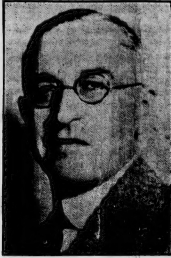

The debate staged by the Boy Scouts last Friday was quite successful. The subject selected was "Resolved that the city boys have the advantages over the country boys." There were eleven members of interesting points brought out on both sides which showed that the boys worked hard.

The judges, Messrs. Geo. H. Gooderham, J. Black and M. MacCallum, and a task to decide the winner for the debate was very close. The negatives won (country boys) by a very slim margin. Quite a number of the Scouts present attended also several visitors, and it is gratifying to know that the parents are taking such an interest in this worthy movement. Following the debate the boys did several knots and other scout work. This was followed by the fun of the evening, blindfold boxing, and was immensely enjoyed by all.

The boys will in all probability have their "Tenderfoot" examination in about a month's time. Ten new boys were enrolled at this meeting, Harry Harrison and Clifford McLeod. The meeting this week will be held on Thursday evening.

Heads C.P.R. Hotels

H. F. Mathews, General Manager, Canadian Pacific Hotel in Western Canada, with headquarters at Winnipeg, has been promoted to the post of General Manager of the Company's hotel system from coast to coast, with headquarters in Montreal, according to a recent announcement by R. W. Beatty, Chairman and President. Mr. Mathews brings a wide experience gained in 35 years of service with the Company, to his new position.

BASEBALL CLUB ORGANIZED FOR THE SEASON

A baseball meeting was held last Thursday evening in the Club Room of the Community Hall, James Black was appointed to take the chair and when the election of officers took place he was elected president. Jack Lester was elected vice-president, J. O. Ropple manager and Bert James secretary. Jack Lester was also elected to manage the junior baseball team and will be responsible to the seniors.

The executive will meet the executive of the softball club and settle the matter of a base ball diamond. (Since the meeting the softball boys have prepared a diamond of their own). It was also decided to erect a board near the Gleichen Pharmacy for the ball club to post notices on.

TOWN AND DISTRICT

A meeting will be held in MacCallum & Sturminster's office at 8 p.m. on Thursday, April 27th, to discuss the formation of a local Horticultural Association. All interested in this, and every citizen should be, are invited to attend.

Two great pictures will be shown Saturday night. One "Pardon Us", a full length comedy picture that is highly spoken of. The other, "Guilty Hands", is a strong mystery picture that will hold your interest to the very end trying to figure out who is the murderer. Here is your chance to see two full length pictures for the price of one.

KINGS OF LIVING

"I'll try a pound of this," said your grandmother, "—if you are sure it's fresh."

That was sometime in the second hour of her morning's search for groceries. She went from one open barrel or open box to the next, along an unappetizing row of crackers, teas, cereals, dried fruits, lard and sugar—all in bulk. She shooed the flies away, looked at, touched and tasted each article suspiciously, and finally decided to buy or not to buy, as her judgement directed. She couldn't trust a servant to do it. It was a day's work in itself.

Today, in two minutes, you give the grocer your order. You know that everything you get will be fresh, pure, attractively and cleanly packed. Why? Because you asked for advertised brands.

Advertising has taken hours of hard labor out of every housewife's day, and lines of worry off her forehead. It has made the morning's marketing a matter of certainty instead of guesswork.

Do all of your buying this easier way—

The Gleichen Flour Mill

Best flour is becoming more popular every day. Townspeople have been using it almost exclusively ever since the mill opened and it is now being used by nearly every farmer in the Gleichen district. It is also being used to a considerable extent by towns and districts within a radius of forty miles from this centre, and the circle is gradually growing. This mill is now running twelve hours a day and good milling wheat is being accepted in exchange for mill products.

The price of flour, bran and shorts is invariably based on the price allowed for wheat at the mill.

Town & District

It has been decided not to hold the school fair, as stated in last week's issue of The Call. The seeds have been received and the necessary has been written asking that the seeds be distributed to the pupils as in previous years.

A special meeting of the Council was held last Thursday night at which a petition was read from several of the business people in the town asking Wednesday afternoon, starting from the first Wednesday in May, be proclaimed a half holiday and that it be in force all the year round. The Council passed a by-law amending the present bylaw to meet with the wishes of the business people. Certain business will be exempt. This will come into force the first Wednesday in May.

Monday, May 1, has been announced by the provincial government as Arbor Day, and it will be celebrated as an official holiday.

The Community Library committee of the Board of Trade is going quietly ahead with its preparations. A donation of 100 books is being made from Calgary. These books, while in perfectly good condition have been taken from the shelves to make room for recent purchases, and will form a nucleus of a fairly good library, of it is hoped from 300 to 400 volumes. Very shortly you will be asked to donate as many books as you can spare from your shelves. The committee then expect to catalogue all volumes and hope to be in position to have the library functioning early in the fall.

Alberta will be represented at the world grain congress at Regina in July, with an exhibit of natural resources under the auspices of the provincial government. There are also some 262 individual entries of grains in the various competitive classes from farmers of the province.

A crowd of about 50 people surrounded Mr. and Mrs. B. James, one evening last week. A number of people met at their home about 10 p.m. shortly afterwards adjoining to the L. O. G. P. hall where the evening was spent in dancing to the music of Vic Hackworth's orchestra. At midnight a dainty lunch was served. All agreed they had had a most enjoyable evening.

During the past few years Alberta has seen a remarkable growth in community musical festivals, and these were held in no less than eleven school insuperates last year, involving a large number of artists. These are in addition to the general provincial musical festival which has been a feature of musical activities in the province for over 25 years.

The Gleichen Flour Mill has added as addition to the mill proper for storage purposes, and the mill is now quite an imposing looking structure. The mill was successful in securing the contract to supply the Blackfoot Reserve with flour, this with the increase in business necessitated the increase in storage space. At the present time the employees are busy installing a Diesel engine, with which to run the mill. During this week the new engine will be tested out. This work with other improvements going on means a lot of work for the mill men. At the present time the mill is running twelve hours a day to supply the demands for its products.

William Pitt, over 100 years ago said "There is scarcely anything round us but ruin and despair." Wilberforce in 1800 remarked: "I dare not marry. The future is so dark and unsettled." Lord Grey in 1819 believed that everything was tending toward a convulsion. The Duke of Wellington in 1861 on the eve of his death, thanked God that he would be spared from seeing "the consummation of ruin that is gathering about us." Lincoln in 1860 said that for industry, commerce and agriculture there was no hope. Queen Adelaide said that her one desire was to play the part of Marie Antoinette as bravely, in the revolution that was coming upon England. Lord Shaftesbury in 1868 was of the opinion that nothing could save the British Empire from shipwreck. And none of it came true.
